

DAY 4 MODULE

9 Teams of 4 Competitors

Your task as a team is to create a Website for the Sheikh Zayed Mosque

Let's take a look at the superb craftsmanship that went into creating this magnificent landmark

Some Interesting facts about the Sheikh Zayed Mosque

1. Construction began in 1996, and wasn't completed until 2006. During this time more than 3000 workers took part in its construction.
2. It's made up of mostly natural materials such as marble, stone, gold, crystals and semi-precious stones.
3. It's the largest Mosque in the United Arab Emirates, measuring 960ft x 1,380ft and covering approximately 30 acres.
4. The carpet in the main prayer hall is said to be the largest single piece of handmade carpet in the world, measuring around 67,570 square feet and weighing around 35 tonne. With around 1,200 carpet knotters contributing, it took approximately 2 years to create, using wool from New Zealand and Iran.
5. The Mosque contains seven chandeliers, each are made up of millions of Swarovski crystals. The largest of these is the second largest in the world, measuring 33ft in diameter and 49ft high.
6. There are 96 marble pillars in the main prayer hall, each delicately inlaid with mother of pearl. It also contains a Qubla wall, facing Mecca, which has 99 names for Allah inscribed on it.

Specific Requirements

You can decide in your teams whether you wish to use CMS - Custom or Open Source [WordPress, Joomla ...], but the finished website must contain the following specific specifications:

- Dual Language
- Responsive
- Based on the day, dynamically display prominently opening hours and prayer times
- Social Media integration
- Min 4 pages - About, Events, Programs, Architecture
- SEO
- 3-5 other special functionalities which would impress the client

Available Resources

- You will be allowed full access to the internet for research/information/media
- You can also access additional images from flickr:
[https://www.flickr.com/photos/worldskil ... 6159224684](https://www.flickr.com/photos/worldskil...6159224684)
- You may use your workstations or laptops to create the website, but remember this is a team task and should be constructed together as a group with each member doing their share of the workload.

Task 4 Schedule:

8:00 Arrival time

8:15-8:45 Briefing

8:50-9:05 Open Communication (15 min)

9:05-12:05 Team Challenge – develop solution (3 hours)

12:05-13:05 Lunch
